

17 February 1954

George B. Bronfen, Esq.
Attorney at Law
1025 Vermont Avenue, N.W.
Washington 5, D.C.

Dear Mr. Bronfen:

Reference is made to your claim for one hundred and ten dollars (\$110.00) on behalf of the Farm Bureau Mutual Automobile Insurance Company for property damages arising out of an automobile accident on 8 May 1953, involving a vehicle operated by an employee of this Agency and the automobile of [REDACTED] the insured of your client.

Investigation of this accident indicates that the claim is not one that arises from circumstances in which the United States (as represented by the Central Intelligence Agency), if a private person, would be liable. In consequence this Agency is precluded from administrative determination of a settlement on behalf of the Government.

Please regard this letter as a formal denial of the referenced claim.

Sincerely yours,
